AUTOPSY REPORT

Case 73 - 3339

August 10, 1973

PATHOLOGICAL DIAGNOSIS ON THE BODY

OF

Danny Michael Yates
10951 Hazelhurst Street
Houston, Texas

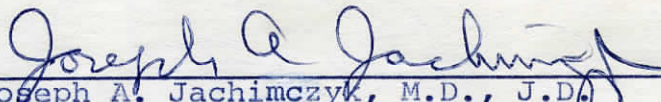

Asphyxia due to strangulation.

OPINION

It is our opinion that the decedent, Danny Michael Yates, came to his death as a result of asphyxia due to strangulation - Homicide.

It is our further opinion that death occurred on or about December 13, 1970. He was last seen alive with James Eugene Glass, Case 73-3338.

COMMENT: Dr. Joseph A. Jachimczyk spoke with Mr. Glenn Yates at 4:50 p.m. on August 14, 1973 and again at 3:15 p.m. on August 15, 1973.

Joseph A. Jachimczyk, M.D., J.D.
Chief Medical Examiner

(See Companion Cases 73-3332, 73-3333, 73-3334, 73-3335, 73-3336, 73-3337, 73-3338, 73-3347, 73-3348, 73-3349, 73-3350, 73-3353, 73-3354, 73-3355, 73-3356 and 73-3357)

POSTMORTEM EXAMINATION ON THE BODY OF

Danny Michael Yates
10951 Hazelhurst Street
Houston, Texas

HISTORY: The skeletal remains of this unidentified young male teenager (Unknown #8) were found at approximately 11:45 p.m. on August 8, 1973, in Stall #11, at 4500 Silverbell Street, Houston, Texas. (See Companion Cases 73-3332, 73-3333, 73-3334, 73-3335, 73-3336, 73-3337, 73-3338, 73-3347, 73-3348, 73-3349, 73-3350, 73-3353, 73-3354, 73-3355, 73-3356 and 73-3357)

AUTOPSY: The autopsy was performed by Chief Medical Examiner Joseph A. Jachimczyk, M.D., assisted by Assistant Medical Examiner Ethel E. Erickson, M.D., and assisted by Dr. Paul G. Stimson, beginning at 1:00 p.m. on August 10, 1973, in the Harris County Morgue.

EXTERNAL APPEARANCE: The decomposed skeletal remains of a Caucasian teenager were received in a crash bag. They consisted of a skull and various bony remnants including decomposing fragments of long bones and ribs. The X-rays disclosed a belt buckle and an electrical cord. Alligator clips were at either end. There were no bullets visualized on X-ray. The hair was dark brown and measured up to 7-1/2 inches in length. There was a rope ligature around the neck area. The rope was the size used for draw drapes. Included in this sack were portions of green and white striped material similar to that found on Case 73-3337. This appeared to be a portion of sheet. Included was a T-shirt and a portion of blue Turkish towel and a white Turkish towel.

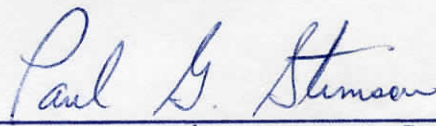

DENTAL EXAMINATION

The charting was made according to the Universal System; upper right 1 through 16 and left lower 17 through 32. There is a mesial pit amalgam in the upper right first molar, and there is an amalgam filling in the distal lingual groove into the distal occlusal pit, tooth number 3. The upper right and left centrals are avulsed; in the upper left first molar, tooth number 14, there is an occlusal mesial pit amalgam with lingual extension. All four third molars are in the crypts, unerupted. The lower first molar, tooth number 19, has an occlusal amalgam and a buccal pit amalgam. The lower left first molar, tooth number 30, has an occlusal amalgam and a buccal pit amalgam. The lower right lateral and the lower left first and second bicuspids are avulsed. Teeth numbers 6, 7, 10 and 11 have stains on the facial surfaces. Teeth numbers 22 and 27 have mesial labial rotation. The jaw relationships are normal.

Comparing the records of Dr. M. McCook, 3918 Hempstead Highway, telephone 4624581, reveals that the fillings in teeth numbers 3, 14, 19 and 30 are the same. A telephone call was made to the above doctor and he also verified that the buccal pits had been placed into teeth numbers 19 and 30.

On August 16, 1973, at 3:40 p.m., in the presence of Mr. Edward G. Knowles, we took the upper and lower jaws to the Sam Houston Memorial Hospital, Houston, Texas, Room #452, and showed them to Mr. Glenn Yates, the father. He looked at tooth number 6 and tooth number 10 and made a positive identification. The jaws were given to him, as the funeral director was coming to his hospital room for arrangements, and he could place them with the remainder of the remains.

In view of the above findings, it is our opinion, based upon a reasonable medical probability, that the decedent, Unknown #8, Case 73-3339, is Danny Michael Yates.

Paul G. Stimson, D.D.S., M.S.
